

CUBANOLA

Figures of Fatness

SIX MILLIONS!
SIX MILLIONS!

That is the number of **CUBANOLAS** the wholesale house of A. Kiefer & Co. will sell in this prosperous year 1891. **THINK OF IT!** An average of half a million a month of a **FIVE-CENT** Cigar that has been before the public **LESS THAN THREE YEARS.**

6,000,000!

That would mean one **CUBANOLA** for every man, woman and child in the great city of London.

It would mean nearly three **CUBANOLAS** for every man, woman and child in the great State of Indiana, or Six **CUBANOLAS** for every voter in Indiana.

It would mean sixty **CUBANOLAS** for every person in Indianapolis, or, as the women and children do not smoke, about 300 **CUBANOLAS** for every voter in the city. These **SIX MILLION CUBANOLAS**, placed end to end, would measure more than 426 miles, and if all lighted and burning would make more smoke than ever encircled Vesuvius, and leave a mountain of ashes as high the Soldiers' Monument.

CUBANOLA! The best **FIVE-CENT** Cigar ever placed before the American public.

CUBANOLA! Its popularity proves its merit.

CUBANOLA! No other **FIVE-CENT** Cigar is made of such choice stock.

CUBANOLA! Pure **HAVANA** Filler and selected **SUMATRA** Wrapper.

CUBANOLA! The best that can be said of all competing brands is that they are *nearly* as good as the **CUBANOLA.**

CUBANOLA Is moving forward to greater triumphs! Each Cigar from the top to the bottom of the box equally choice.

CUBANOLA! Retailers have no trouble in building up a trade with this great **FIVE-CENT** Cigar, and are never bothered with complaints from patrons.
